HOW
TO
START

GETTING STARTED

We've created this booklet with you, the professional photographer, in mind. Inside, you will find succinct information about all of our products and options.

The intention was to give you a beautiful, informative and user-friendly guide where you can find all you need to know about our company and products in one convenient place.

We hope you find it pleasant and useful; we certainly enjoyed creating it for you.

To help you navigate your way through what at times can seem like our endless sea of products have a look below at a few quick tips:

AVAILABLE COVER TYPES IN OUR OFFER

When it comes to the covers of our photo products, nPhoto offers many different varieties. You can choose between gilding, wood, shiny acrylic, laser etching, UV print, embossed text or a fully-printed cover. There's lots of options! Our wide range of material types also plays a significant role in the personalisation process: we've got Textiles, Leatherettes, Suedes, and Velvets. This vast array of options will help you boost your offer and meet your clients' deepest needs!

PHOTO ALBUMS – Due to their flush-mount design our Photo Albums come standard with the paper mounted on card-stock; creating thick, 800 gsm and 1600 gsm spreads that will stand the test of time.

PHOTO BOOKS – There are a variety of paper options to choose from for our Photo Books yet all choices are unmounted in their 'natural' state. Therefore, while having a variety of gsms to pick from all options are thin in comparison to our albums; yet flexible, and resilient.

BINDINGS – Due to the difference in papers and paper thicknesses our albums and photo books have different binding methods with our Photo Albums and DreamBook 4Ks achieving a lay-flat, crease-less finish.

STARTER KIT

Three essentials that every photographer needs to jump-start a successful photography business.

PRODUCT CATALOGUE

Familiarise yourself with the available cover options and see which products they can be found in. Read about the available products personalisation options, add-ons, and sizes available for a specific product. Read all about the available paper types to select the best base for artwork.

DEMO PAPER BUNDLE

The Demo Paper Bundle consists of 13 ready images printed on the papers that we use in our products. It is a must-have for every professional ordering products from us.

Identifying each paper type will be easy as they are labeled and their descriptions can be found on our website on the product's info page.

Find out what paper type can be used in what product and see which ones CAN be mixed and matched. This is one of the best ways to have all our paper types on hand in a handy folder perfect to take along to IPS meetings. Always order the correct paper with the help of our Demo Paper Bundle.

SWATCH BOOK

Discover the different material types: Textiles, Leatherettes, Suede and Velvets. Find out what material options work together. See what they look like on the swatches presented inside.

SELECT YOUR SIZE

One of the most important steps of your product customisation process.

The size will influence the designing process and how many or what type of images you will decide to include in or on the product. Depending on the product and its cover type there will be a select number of sizes available. Below is a representation of how each Photo Album size looks compared to a human being.

ART PRINTS

State-of-the-art archival quality prints. Brought to life by the HP Indigo 12000 boasting an incredible color and light reproduction – particularly with skin tones and shades.

Art Prints are available on an exceptionally rigid paper type, Mohawk Eggshell 324 gsm fine art paper, which is acid-free and guarantees high-quality images capable of lasting generations. Or choose Art Prints on coated, light-reflecting Felix Schoeller Luster (290gsm). Order from one personalised giclee print with your image on it and

brand it with your logo on the back (along the longer edge). Be sure to select one of the complementary products to complete your order, should it be a Box for Prints or a printed envelope to accommodate your art.

RETRO PRINTS

These prints can act as a throwback to a more classic era of photography. Help your clients remember old memories with an added vintage aesthetic!

Retro Prints create reimagined vintage photographs that evoke a Polaroid look. Leave a heartfelt message by adding text below the white border, or leave it empty to allow for future handwriting. Each set includes 25 prints. They can even serve as thank-you cards, or feature your brand's logo to be used as promotional material for your studio.

Available Sizes

10x12 cm (3.9 x 4.7")

Paper Types

Mohawk Eggshell (324gsm)

Felix Schoeller Lustre (260gsm)

Available in two configurations: without any accessories, or as a self-contained package, all neatly tucked into an Eco Gift Box (consists of a mini wooden stand, string & wooden clips for hanging). Both options will have your prints secured in an environmentally friendly Gift Box with a preview window.

PAPER TYPES

We take pride in having the ability to offer a wide variety of paper options throughout our different products; and aim to provide the highest quality papers which only enhance the photos printed on them. Read on for a breakdown of the paper options we provide, their characteristics, as well as a mention of which products they appear in.

DREAMBOOK 4K

Canon Gloss - (275 gsm) has a heavy, glossy finish. In general, glossy and/or metallic finishes are renowned for their range, sharpness, vividness, and durability. They are highly colourful and most purely present the colours and shades of the image.

Ideal for the bold, dramatic shoots where the aim is to achieve an authentic, unapologetic "wow!"

Canon Luster - (275 gsm) that middle ground between glossy and satin. It has incredible definition, natural skin tones, etc, but has less of a gloss finish than the glossy option; yet, does still retain some shine which enhances details and colours on the photo.

Lower gloss also means less problems associated with glare and fingerprints.

Canon Satin – (170 gsm) a near-flat; extremely low-gloss finish with minimal glare. The paper is smooth and soft to the touch as well as providing an elegant finish and effect to any image. A slight texture in the paper, more fine than that of the Luster. The satin finish is ideal for images that will be handled often and are exposed to varied viewing environments.

PHOTO ALBUMS

Fuji Silk – (pages mounted on rigid boards) standard in albums. Fuji Silk paper is a half-matte paper with a texture resembling that of a fine honeycomb. This paper is soft to the touch, retains vibrant colours and details while exuding an extremely crisp, elegant finish.

Mix with Fuji Pearl (Metallic) spreads in the same album.

Fuji Pearl (Metallic) – (pages mounted on rigid boards) characterised for its popping details and glossy, pearl-like finish. It's generally accepted that Fuji Pearl (Metallic) offers the widest tonal range which allows to produce images with rich textured quality. Pearl paper enhances the freshness of the image and assures a clearer, more distinct outcome.

Mix with Fuji Silk spreads in the same album.

Canon Deep Matte – (pages mounted on rigid boards) features a smooth, glossless, almost velvet to-the-feel texture. This fine-art paper accentuates vivid shades, contrasting colours and skin tones. The high-quality images produced on the state-of-the-art Dreamlabo 5000 printer, give off a professional, artistic feel.

Mohawk Eggshell – (pages mounted on rigid boards) a soft feel and vintage vibe, as well as muted light but less than the above mentioned Deep Matte option. Mohawk Eggshell paper combines the tactile feel of uncoated paper with the ink density and sharp detail of coated photo paper.

PHOTO BOOK PRO

Felix Schoeller Luster – (190 gsm) a finish that sits between glossy and matte. The resulting images will retain some shine allowing for details and colours to be enhanced. A lustre paper and finish maintains incredible definition and natural skin tones.

Due to its less glossy nature, this paper will have little to no problems with fingerprints and glaring.

Mohawk Eggshell – (148 gsm and 216 gsm) the Eggshell is a true, vintage style, matte. The paper maintains a soft, 'texture' feel and muted tone; absorbing rather than reflecting light. Mohawk 148 gsm paper is perfect for smaller formats and ideal for full page images. The 216 gsm paper is recommended for larger book formats and is additionally creased towards the spine to ease paging through.

Arctic Matte - (170 gsm), this wood-free paper has a high-tech, cool white base guaranteeing excellent printability. Thanks to this white base colour and opacity it provides stunning results, particularly with contrast - most notably black and whites. It also boasts an enhanced, smooth presentation of your images without glaring issues. The finish results in an artistic, almost vintage, film-like appearance that creates a mood for any style of photography.

MAKE IT TRULY YOURS

On top of a variety of materials and paper options, we also offer a wide range of specific, detailed personalisations. The availability of these options vary depending on the cover option and product.

LASER ETCH

Your logo /design etched into the top layer of the material by a laser. Due to its abrasive nature this option is not available on all materials.

UV PRINT

Have your logo, or a design, be printed on top of textile or leatherette using UV technology.

EMBOSSSED TEXT

Available only on selected leatherettes, lettering is imposed in a bookbinding font with the option of plain or coloured foil finish.

GILDING

Gilding is an elegant decoration technique that involves applying shiny, gold paint to the material. Each of the resulting designs can be unique and slightly different in details. There are many patterns to choose from.

CORNERS

Corners come at a point in our albums, as standard. You can choose to have them rounded out.

SPACERS

Photo Albums come mounted and include spacers. Choose to have these in standard white, or optional black.

METAL CORNERS

Include metal corners on the front and back cover corners of your albums

INSIDE COVER COLOUR

Select from three possible inside cover colours: ecru, black or white.

REVIEWS

ELIZABETH CRAIG BOUDOIR PHOTOGRAPHY

"The number one thing my clients want are Albums. So that's what I invest in. nPhoto Albums are so gorgeous. Acrylic albums are something that my clients refuse to walk out of a session without."

LOU ADAMS PET PHOTOGRAPHY

"I absolutely love folio boxes. The ability to have various images beautifully presented with the option of changing which are on display is something that really appeals to me. I love the tactileness of holding and seeing my images on something other than a screen, and being able to show clients what their images can look like."

CRAIG CLEWLOW NEWBORN PHOTOGRAPHY

"nPhoto has become a leading company in the photographic industry, enabling me to offer their fantastic products to my clients, which myself and my clients absolutely love. Their choice in products and finishes is just incredible and the quality is fantastic. Since I started using nPhoto my business has gone from strength to strength as their products sell themselves."
